EXPERIENCE

Hands On LESCO, Costa Rica— *Developer Laravel*

JANUARY 2021 - PRESENT

I develop various projects, including a web dictionary, fingerspelling tool, and a project management system, among others. (laravel and wordpress)

BANANACODE, Costa Rica— *Freelance Developer Magento*

OCTOBER 2021 - DECEMBER 2021

I created a module using cron jobs to automatically delete expired products and implemented responsive CSS designs for mobile devices. I also handled various other details to ensure the smooth functioning of the projects.

University of Costa Rica, Costa Rica — *System Analyst*

AUGUST 2018 - DECEMBER 2021

I was provided with the API endpoints and utilized MVC C# to build a Human Resource project. I connected the API with the front end, incorporating HTML, Bootstrap, JSON, and React to design the user interface and enhance functionality.

EDUCATION

ULACIT, Costa Rica— *Bachelor's Degree*

JANUARY 1996 - APRIL 2010

I integrate knowledge in software engineering, information technology engineering, and computer science to address diverse demands in research, design, development, and enhancement of software, computer networks, and technological infrastructures.
