A self-taught graphic designer whose expertise is honed through hands-on client work and dedicated mastery of visual craft. I deliver brand identities that connect, not academic theor

HEARING IMPAIRMENT

---

## Work Experience

### Creative Director

January 2026– Present Mumbai, India

- A freelance graphic designer whose hearing impairment has fostered a uniquely focused and meticulous visual practice. I specialize in creating crystal-clear communication through intentional design for brands that want to be seen and understood

### Graphic Designer

January 2026– Present Mumbai, India

- Self-made graphic designer with a sharp eye for brand identity. My practice is built on real-world projects and a disciplined, visual-first approach. I transform client visions into distinctive, effective logos and design systems—proving that great design is about skill, insight, and execution, not just a degree
