Profile

Friendly and engaging team player and leader happy to work with others I have been working within schools for almost 20 years I have a disabled young sister who I have supported from a young age I have worked part time for a few years now in schools and I would like to stay as part time my Availability is{ Tuesday Wednesday Thursday }I have worked with Complex needs Behaviour?/small group interventions in my spare Time I like holidays shopping spending time at home relaxing and cooking I am very confident and enjoy working with children going beyond to support at any time. I have worked with children of all ages Nursery Primary SEN and adults

Experience

MOST RECENT 2024/2025

COWLEY ST LAURENCE

I have been at Cowley st Laurence for a year during this year I have been allocated to support SEN children throughout the working day being with them all day including lunch time and play time supporting with Phonics numbers singing and Sensory activities during the day this all would be carried out by myself and another adult I would engage with them for class sessions building sentences and practicing words that I have already taught the children would be very active and would need constant watching due to behaviour I would make a very clear structure each day so the children would know when the next lesson would be and for how long as this is good routine

PIELD Heath manor /Hillingdon 2024/2024

During my time here I was mainly supporting young adults with High Complex Needs speech delays hard of hearing and those with Autism while there I would sit and get involved in the daily task's social events like cooking day trips art classes and engaging with conversation this role was short term

Rabbsfarm Primary School 2024/2024

At this school I was a 1/2/1 for a special needs child who was struggling the English Language this would also affect behaviour and become very stressful during this time I would do lots of Sensory activities with the child and lots of time outdoors in the open which helped a lot being at this school it was a very rewarding role I would also support the class children when needed with the work at lesson time this role was short term

Cherry Lane Primary School 2023/2024

At this school I was working within the special centre of the school supporting a year 5 student with behaviour needs within the centre and in class once a day for social skills again very challenging as having to also be with student all throughout the day even lunches, I would need to support I enjoyed this role as this was a good learning leap this this year group as I have not worked with this year group much what was I teaching skills on social interaction working with others learning be a team player and team leader how to share and making positive choices during school time making new friends.

Moorcroft School 2023/2023

During my time at this school, I was in a small class with young Adults of all different ages this would be with a class Teacher and to follow a Rota during the school hours while I was there, I had lots of interaction with the students again day trips to Tesco for ingredients for cooking and treats I would mainly support one student in the class with Mobility going on walks and having movement breaks for exercise this role was only for a few months I would also support with transport helping with on and off the school buses.

Orchard Hill College 2022/2023

This was a college for young adults 18 plus with severe needs at first, I was a class support worker with agency part time for 8 months then I went permanent as the College Job Coach I then went into a office I would help the adults find either Employment or a Volunteering role this would be done in person with myself going directly to Employers and working out a plan for work I would also have meetings with the Local Jobcentre in Town and meet with parents to discuss future jobs. On a daily basic there would be interview practice CV building time keeping and how to dress for work for those students needing support in the Community I would allocate staff to be with them during their working hours. During the Spring /Summer the work start class which is the eldest set of students would offer a Car Wash service for the staff at a low rate to earn money towards day trips and take aways of their choice I enjoyed this role very much it was very professional and I always found students work that was suited to them I would also conduct Employment lessons during the week for those who are not in everyday and make sure everyone was aware on how to apply for jobs using laptops and group interviewing sessions to practice what would be asked during an interview and what to ask .

Education

Uxbridge College

Course British sign language (BSL)

Team Teach /Safeguarding

First aid /Moving & Handling

Fire slips and falls
