## Skills

Assignments Handling | Basic Computer | Data Mining | English Language Learners | Mathematics Education | Online Jobs | Typing | Video Editing

## Experience

Apr 2017 - Apr 2020

### Admin

Assignmath. com, Multan, Pakistan

I had worked on this website for about three year as an admin. My job was to look after the performances of my co-workers and to help them in video editing and advertising the projects. I had a wonderful experience in this private firm. Note: assignmath.com is a pakistani website which has the very helpful content for the fsc students. They upload the lectures of professional teacher especially of mathematics on this website.

## Education
