**Research Paper Writing**

**Communication**

**Multi-tasking**

## WORK HISTORY

November 2021 - Current

**Devsol Consulting - Part Time Research Assistant,** Kampala, Uganda (Remote)

- Conducting literature reviews to support hypothesis development and identify gaps in existing knowledge.
- Writing, proofreading, and editing reports and articles.

December 2014 - Current

**Ministry Of Mines And Mining Development - Minerals Development Officer,** Mashonaland West Province, Zimbabwe

I have not reported to work since the September 21, 2017 vehicle accident that left me paraplegic.

- I wrote minutes of mining dispute resolution meetings and staff meetings.
- Compiled and analysed provincial mineral production statistics to generate intelligence information.
- Completed and submitted provincial monthly and yearly reports to support executive decision-making.
- Monitored and maintained an up-to-date provincial record of new and old mines as to their production levels and employment trends.
- Developed ways of encouraging the eventual transformation of small-scale mining into medium or large-scale mining.
- Enforced compliance with mining regulations.
- Increased donor engagement by implementing targeted marketing strategies and personalised outreach efforts.

January 2013 - November 2014

**Self-employed - Artisanal and Small-Scale Gold Miner**, Mashonaland West, Zimbabwe

- Regular monitoring of mining equipment for upkeep needs or signs of malfunctioning.
- Constant monitoring of health, safety, and environmental statutory requirements.

November 2010 - December 2012

**Hibion Investments (PVT) LTD - General Manager**, Kadoma, Zimbabwe

- Monitoring health and safe working practices, to ensure that statutory requirements and company standards are met.
- Forecasting and budgeting.
- Monitoring and reviewing plans against targets and performance.
- Identifying opportunities to enhance productivity.
- Supervising and mentoring mine and metallurgical plant managers.
- Preparation and submission of environmental reports to the Environmental Management Agency.

January 2009 - September 2009

**Bellbird Investments (PVT) LTD - Inez Mine - Acting Mine Manager**, Kadoma, Zimbabwe

- Overseeing mine design, planning and development, and scheduling of mine progression
- Maintenance of mining equipment and input.
- Ensuring compliance with all mining safety, health, and environmental legislation
- Fulfillment of all development and production schedules and call stipulations.

August 2007 - December 2008

**Inez Mine - Graduate Mining Engineer**, Kadoma, Zimbabwe

- Providing valuable input into mine planning
- Collaborated with geologists, surveyors, and metallurgists in the undertaking of mining engineering work, based on the technical and operational aspects of the mining operation.
- Familiarised with Zimbabwe's environmental legislation.
