Objective

I am a dedicated NEET aspirant, seeking part-time work to help cover my expenses, particularly for internet bills, so that I can continue my preparation for the NEET exam. I am passionate about technology, hacking, programming, and learning new skills. I aim to leverage my experience in the tech field to assist others while developing my career.

Education

12th Grade - Science (PCM) 2023
St. Peter's School, Raebareli, Uttar Pradesh
NEET aspirant, pursuing self-study for medical entrance examination.

Skills

- **Programming Languages:** Java, Python, Basic PHP
- **Cybersecurity:** Bug hunting (Flipkart), Web Pentesting, Phishing, Brute force attacks, Ransomware (ethical and for educational purposes)
- **Operating Systems:** Linux, Termux, Windows
- **Internet Skills:** Expert in using search engines to troubleshoot issues and provide solutions
- **Hobbies:** Using search engine, Playing piano, (3+ years of experience with top instructors from Russia and Dehradun)
- **Geopolitics**

Experience

Cybersecurity Enthusiast 2019-2023
- Helped over 10,000 individuals with troubleshooting technical issues, particularly related to operating systems and security.
- Engaged in ethical hacking and bug hunting for companies like Flipkart.
- Experienced in performing various attacks (phishing, brute force) to help educate and protect the public from potential threats.

Dropshipping Entrepreneur (Self-learning) 2023 - Present
- Currently learning dropshipping strategies in hopes of earning money online while continuing my studies.

Projects

Simple Call-Messaging Website

A simple demonstration website built using HTML, CSS, JavaScript (and basic PHP). Showcases communication functionalities like calling and messaging, developed as a personal project.

Blog and Website

Created anonymous-learners.blogspot.com to share educational content on cybersecurity, programming, and technology.

Achievements

- Over 10,000 people helped with technical issues, predominantly in the field of security and system troubleshooting.
- Completed various ethical hacking certifications and tutorials through self-learning.
- Gained valuable experience in the field of dropshipping and online business.

Additional Information

Disability: PWD locomotive, 40% (but this does not affect my abilities or work ethic). I believe in overcoming challenges and not playing the victim card.
